

NETTLEWORTH INFANT SCHOOL AND NURSERY

KS1 LONG TERM PLAN

Our School Ethos

**Safe
Happy
Independent
Nurture
Excellence**

OUR SCHOOL VISION

We nurture, we flourish, we achieve

Nurture

Through the curriculum, we **nurture** resilience and ignite curiosity to promote a love of learning where all children feel **safe** and **happy**. The children are taught to have respect for 'differences' and know how to apply polite curiosity. They learn about and will be involved with different families and have a strong sense of school community. Our children's voices drive and shape the curriculum to enable each child to develop academically, emotionally, creatively, socially and physically.

Flourish

We want the pupils at Nettleworth Infant and Nursery School to **flourish** and begin the journey towards being mentally healthy young people by having the language to express and understand their own emotions and express themselves appropriately. We encourage children to be physically well, to increase physical stamina and to experience regular exercise and a variety of physical activities. The children grow to understand making healthy choices, to try healthy foods and know what a healthy diet is.

Achieve

At Nettleworth Infant and Nursery School, we provide our children with the knowledge and skills to enable them to **achieve** in their education. We want the children to be **independent** learners who are able to identify and celebrate their progress, achievements and successes. We promote the characteristics of effective learning through Early Years and Key Stage 1 through playing and exploring, active learning and thinking critically which will enable our children to be effective learners and strive for **excellence**.

At Nettleworth Infant and Nursery School, we all SHINE!

Curriculum Drivers

Our curriculum drivers are what shapes the design of our curriculum. These carefully chosen curriculum drivers give our pupils appropriate and ambitious curriculum opportunities.

Characteristics of Effective Learning

At Nettleworth, we believe that children are powerful learners and we drive COEL across school. They can develop strong habits of mind and behaviours that will continue to support them to discover, think, create, solve problems and self-regulate their learning. Children need consistent lived experiences of autonomy alongside support for their growing awareness and control of the processes of thinking and learning. Play, time, space and freedom to follow their intentions, sustained shared thinking, and experiencing the satisfaction of meeting their own challenges and goals all contribute to development as curious, creative, resourceful and resilient learners.

Characteristics of Effective Learning

Playing and exploring: Children investigate and experience things, and ‘have a go’. Children who actively participate in their own play develop a larger store of information and experiences to draw on which positively supports their learning

Active learning: Children concentrate and keep on trying if they encounter difficulties. They are proud of their own achievements. For children to develop into self-regulating, lifelong learners they are required to take ownership, accept challenges and learn persistence.

Creating and thinking critically: Children develop their own ideas and make links between these ideas. They think flexibly and rationally, drawing on previous experiences, which help them to solve problems and reach conclusions.

Overarching Principles

Unique Child: Every child is unique and has the potential to be resilient, capable, confident and self-assured.

Positive Relationships: Children flourish with warm, strong & positive partnerships between all staff and parents/carers. This promotes independence across the EYFS curriculum. Children and practitioners are NOT alone – embrace each community.

Enabling environments: Children learn and develop well in safe and secure environments where routines are established and where adults respond to their individual needs and passions and help them to build upon their learning over time.

Learning and Development: Children develop and learn at different rates (not in different ways as it stated 2017). We must be aware of children who need greater support than others do.

NETTLEWORTH INFANT SCHOOL AND NURSERY

British Values

The British Values underpin all of our teaching and learning.

Democracy, Respect, Mutual Tolerance, Rule of Law, Individual Liberty

These British Values are taught through our school assemblies, RE, PSHE, Take 5 and THRIVE sessions throughout the year. We promote British Values through celebrating religious festivals, having school visits/visitors, voting for book daily and through daily learning and play. The children are immersed with a wide range of culture and diversity stories within class. At Nettleworth we celebrate British Values in practice and ensure that we embrace our citizenship and the diverse culture we are so lucky to be a part of.

Democracy – We teach our children that their opinions are important and that each child's thoughts and feelings will be listened to and valued. We also teach them that sometimes they will be given the power to choose and will make decisions on their own and in groups. The children will have daily story time where they vote for a book during the morning, we encourage turn taking within games and play and we help children to identify emotions and talk about reasons for their emotions.

Respect and Mutual Tolerance – The children treat others how they would like to be treated at Nettleworth, they learn to understand and appreciate each other's differences. Our school is a community we are inclusive, respectful and values faiths, cultures and races. We talk about stories of their home, have visits and visitors from the wider community and provide resources that reflect different values and diversity.

Rule of Law – We ensure that the children understand their own and others' behaviour and its consequences and help them to distinguish right from wrong. The children create class rules and follow the whole school Rainbow Rules. We help children to understand their actions and consequences and learn about people who help us.

Individual Liberty – We support the children to understand and value their own self and to gain confidence in making choices. Self-esteem, self-confidence and self-awareness are key. The children have the opportunity to take risks in their outdoor play, build their own confidence and allow them to have a voice during group discussions. We provide the children with a range of experiences that allow children to explore feelings and responsibility, reflect on their differences and understand everyone is free to have different opinions.

NETTLEWORTH INFANT SCHOOL AND NURSERY

English

Children develop their English skills daily throughout the year through, reading, writing, Little Wandle phonics sessions or Spelling Shed sessions and interventions, poetry, handwriting and listening to high quality texts. The children will become imaginative, enthusiastic and confident readers and writers.

NETTLEWORTH INFANT SCHOOL AND NURSERY

			Words where ‘-ing’ is added to words ending in ‘e’ Challenge Words			
Year 1 Reading	Phase 5 Set 1		Phase 5 Set 2		Phase 5 Set 3/4	
Year 2 Reading	Phase 5 Set 5		Phase 6 Set 1 (Purple)		Phase 6 Set 2 (Gold)	
Year 1 / 2 Guided Reading	Guided Reading sessions Classes to be divided into groups matched to phonics ability using Little Wandle (phase 2 – Phase 5) and Routes to Reading (phase 6) texts. Guided reading sessions to follow the sequence of decoding, prosody and comprehension.					
Year 1 Writing	Book: Lost and Found Poem: Thank you farmer	Book: Hoot Owl Master of Disguise	Book: The Lion Inside	Book: Nibbles	Book: Zerafa Giraffa	Book: Robin Hood
Year 1 Writing Objectives	- Combine words to make sentences - Use capital letters for names of people and the personal pronoun ‘I’ - Leave spaces between words - Begin to use capital letters and full stops - Join words using and - Use plural noun suffixes –s and -es - Spell words containing phonemes already taught - Sequence sentences to form short narratives (Link ideas or event by pronoun)		- Punctuate sentences using a capital letters and a full stop - Use a capital letter for places and days of the week - Join words and clauses using and - Some accurate use of the prefix un- - Add suffixes where no change is needed to the root of the word e.g. -ed, -ing, -er, -est - Sequence sentences to form short narratives (Story retell or recount of an event)		- Join words and clauses using and - Punctuate sentences using a capital letter and a full stop, question mark or exclamation mark - Add suffixes to verbs where no change is needed to the root e.g –ed, -er, -ing, -est - Change the meaning of verbs and adjectives by adding the prefix un- - Join words and clauses using and - Use simple description - Punctuate sentences using a capital letter, full stop, question mark or exclamation mark - Sequence narrative accurately	
	Say out loud what is going to be written about Compose a sentence orally before writing it Re-read what they have written to check that it makes sense Discuss what has been written with the teacher or other pupils Read aloud their writing clearly enough to be heard by their peers and the teacher					
Year 2 Writing	Book: Look up!	Book: The Owl Who Was Afraid of The Dark	Book: The Dragon Machine	Book: Major Glad, Major Dizzy	Book: The Last Wolf Poetry: Into the woods	Book: Grandad’s Secret Giant

NETTLEWORTH INFANT SCHOOL AND NURSERY

	Poetry: Harvest Festival Poem – A farmers life for me	Poetry: Finger story poems		Poetry: When I grow up		Poetry: Cinquain pattern – The crayon box that talked
Year 2 Writing Objectives	• Use punctuation correctly – full stops, capital letters • Write expanded noun phrases to describe and specify • Use subordination (because) and coordination (and) • Use co-ordination (but, or) • Add -ly to turn adjectives into adverbs • Use commas to separate items in a list	• Write sentences with different forms: statement, question, exclamation, command • Use subordination (apply because, when, that) • Use present and past tenses correctly and consistently • Use the progressive form of verbs in the present and past tense • Use punctuation correctly - exclamation marks, question marks, introduce apostrophe for the possessive (singular)	• Add -er and -est to adjectives • Use homophones and near homophones • Use punctuation correctly – apostrophes for contracted forms • Use present and past tenses correctly and consistently including the progressive form • Use subordination (using when, if, that, or because) and co-ordination (using or, and, or but) • Write expanded noun phrases to describe and specify • Add suffixes to spell longer words e.g -ment,- ful			
	Write for different purposes including about real events, poetry and narratives about personal experiences and those of others Plan or say aloud what is going to be written about Write down ideas, key words, new vocabulary Encapsulate what is to be written, sentence by sentence Make simple additions, revisions and corrections Evaluate writing with the teacher and other pupils Reread to check that their writing makes sense ad that verbs to indicate time are used correctly and consistently Proof-read to check for errors in spelling, grammar and punctuation Read aloud with intonation					

NETTLEWORTH INFANT SCHOOL AND NURSERY

Mathematics

Children develop their mathematical skills daily through opportunities to develop and improve their skills in number and place value, addition and subtraction, multiplication and division, fractions, shape, measures, position and direction and statistics. Maths will follow a concrete, pictorial and abstract approach to learning.

Year 1 White Rose Maths	Place value within 10 Sort objects Count objects Count objects from a larger group Represent objects Recognise numbers as words Count on from any number 1 more Count backwards within 10 1 less Compare groups by matching Fewer, more, same Less than, greater than, equal to Compare numbers Order objects and numbers The number line Addition and subtraction within 10 Introduce parts and wholes Part-whole model	Addition and subtraction within 10 Addition – add together Addition – add more Addition problems Find a part Subtraction – find a part Fact families – the eight facts Subtraction – take away/cross out (How many left?) Subtraction – take away (How many left?) Subtraction on a number line Add or subtract 1 or 2 Shape 1 Recognise and name 3-D shapes Sort 3-D shapes Recognise and name 2-D shapes Sort 2-D shapes Patterns with 2-D and 3-D shapes	Place value within 20 Count within 20 Understand 10 Understand 11, 12 and 13 Understand 14, 15 and 16 Understand 17, 18 and 19 Understand 20 1 more and 1 less The number line to 20 Use a number line to 20 Estimate on a number line to 20 Compare numbers to 20 Order numbers to 20 Addition and subtraction within 20 Add by counting on within 20 Add ones using number bonds Find and make number bonds to 20 Doubles Near doubles	Place value within 50 Count from 20 to 50 20, 30, 40 and 50 Count by making groups of tens Groups of tens and ones Partition into tens and ones The number line to 50 Estimate on a number line to 50 1 more, 1 less Length and height Compare lengths and heights Measure length using objects Measure length in centimetres Mass and volume Heavier and lighter Measure mass Compare mass Full and empty Compare volume Measure capacity	Multiplication and division Count in 2s Count in 10s Count in 5s Recognise equal groups Add equal groups Make arrays Make doubles Make equal groups – grouping Make equal groups – sharing Fractions Recognise a half of an object or a shape Find a half of an object or a shape Recognise a half of a quantity Find a half of a quantity Recognise a quarter of an object or a shape Find a quarter of an object or a shape Recognise a quarter of a quantity	Place value within 100 Count from 50 to 100 Tens to 100 Partition into tens and ones The number line to 100 1 more, 1 less Compare numbers with the same number of tens Compare any two numbers Money Unitising Recognise coins Recognise notes Count in coins Time Before and after Days of the week Months of the year Hours, minutes and seconds Tell the time to the hour Tell the time to the half hour

NETTLEWORTH INFANT SCHOOL AND NURSERY

Understanding the World

Children develop skills daily through engagement with continuous provision challenges. The children will make sense of their physical world and their community through opportunities to explore, observe and find out about people, places, technology and the environment. Throughout the year the children will take home a culture box and share with the class, recognising that children have different beliefs and celebrate in different ways.

Year 1 History	Rosa Parks	Toys and Games	Medicine	Robin Hood
	To know who Rosa Parks was and why she is famous. To understand that people were treated differently because of the colour of their skin. To know what Rosa Parks did on the bus in 1955. To understand why Rosa Parks showed courage. To understand that Rosa Parks helped bring about change. To explain why Rosa Parks is a significant person from the past.	To know the types of toys played with in the past and today (in the present) To know that children now have multiple toys to play with, and in the past children would have had less. To know that over time the materials toys are from has changed. - (science link) To know that toys and games have changed over time. To know that the toys we use today can be different to the toys our older relatives played with. To explore toys and games from the Victorian era and explain how they are different to our toys today.	To understand the terminology 'significant'. To know who significant individuals are in my life. To identify key events from my life e.g. birth, first steps, starting school, moving house etc. To understand the terminology within and beyond living memory. To identify significant events and individuals on a simple timeline. To know that Florence Nightingale is famous for helping soldiers during the Crimean War. To know that Florence improved the cleanliness and hygiene of hospitals to prevent the spread of diseases e.g. washings wounds, less overcrowding of patients, cleaning of rooms, feeding of wounded – generally improved care of the wounded in the war. To know that there are other significant individuals in history who made important changes to medicine. To know of a local significant individual who made important changes to medicine To know the impact that Florence Nightingale has had on hospitals today. To compare hospitals today to hospitals in the past.	To understand who Robin Hood was and why he was a significant figure in local history. To learn about daily life during the medieval period. To explore the adventures and legends of Robin Hood. To distinguish between historical facts and legends.

NETTLEWORTH INFANT SCHOOL AND NURSERY

		To know that different toys and games were played with by children in different eras.		
Year 2 History	Martin Luther King To find out who Martin Luther King Jr. was. To understand why Martin Luther King wanted change. To learn how Martin Luther King helped bring change. To understand why Martin Luther King's speech was important. To explain why Martin Luther King is remembered today.	Victorians To know that the Victorian Era is named after the ruling monarch of that era, Queen Victoria. To know that Queen Victoria was Queen for almost 64 years – the second longest reigning monarch. To know that Queen Victoria ruled over parts of India, Africa, Canada and New Zealand. To know that some Victorian children started work from as little as 5 years of age. To know that working conditions for adults and children were hard and dangerous with low pay and long hours. To know Victorian life was harsh and options for work included mining, chimney sweep and the workhouse.	The Great Fire of London To know that The Great Fire of London started on Pudding Lane in 1666. To know that the fire started at Thomas Faryner's bakery when sparks ignited. To identify where the Great Fire of London happened on existing timeline. To know that Samuel Pepys was a respectable figure in London. To know that he wrote his diaries over the course of 9 years. To know that the diaries of Samuel Pepys are a primary source of evidence. To know that historians have had to transcribe the shorthand version of Samuel's diaries so that we can read them today. To know that the diaries of Samuel Pepys are a primary source of evidence. To know that fire was started in a bakery in Pudding Lane. To know that the medieval city of London was constructed of wooden buildings built closely together with straw roofs. To know that the summer of 1666 had been hot and dry. To know that historians use different sources of evidence to build up a clear picture of the past. To know that positive changes occurred as a result of the fire e.g buildings with a more modern style of architecture found in other areas of Europe -bringing it more up to date.	Travel and Transport To identify how transport has changed over time and place events in chronological order. To understand how George Stephenson changed rail travel. To learn about the achievements of Isambard Kingdom Brunel. To understand the importance of the first powered flight. To understand Amelia Earhart's achievements and significance. To compare the impact of trains and planes.

NETTLEWORTH INFANT SCHOOL AND NURSERY

		To know that only rich children attended school in the Victorian Era, and these were mostly boys. To know boys and girls were separated at Victorian school. To know Victorian classrooms were often dark and windowless, compared to classrooms today. To know that Victorians created Christmas and how it was celebrated.	To know that lessons that were learnt e.g. building materials and construction methods that would make future fires less damaging. To know that Christopher Wren was a key figure in redesigning new London.		
Year 1 Geography	What is it like to live in Mansfield? To be able to find Nettleworth Infant School on a map of Mansfield. To know what an aerial view is. To create a simple aerial map of the school. To able to locate Mansfield on a map of England. To locate England is on a UK map. To Know and locate the four countries that make up the UK on a UK map. To know the capital cities of the four countries that make up the UK. To identify characteristics of the UK including physical and human features. To identify human and physical features within the local area. To be able to follow a map of the local area.	Weather To know what the weather is like in our country. To know the different seasons in a year. To know what weather forecasts show. To know key words to describe the weather.	Comparing Mansfield to Sherwood Forest Describe where a geographical feature is using directional language. To know what a key is and how to use one. To compare Sherwood Forest to Mansfield by what we already know e.g it is part of the UK. To know the similarities and differences between Mansfield and Sherwood Forest.		
Year 2 Geography	Skills and Fieldwork To understand what geography is and identify human and physical features.	Our World To know what makes up the UK.	Climate Change	Comparing Mansfield to Africa	

NETTLEWORTH INFANT SCHOOL AND NURSERY

	To understand that maps show places from above. To use symbols and create a key. To use simple compass directions (N, S, E, W).	To name and locate the seas that surround the UK. To name and locate the continents. To know the four compass directions. To name and locate the five oceans. To identify hot and cold areas of the world in relation to the equator and both poles.	To understand that the Earth's climate is changing. To understand how habitats can change. To investigate how animals are affected by climate change. To understand how climate change affects plants. To identify actions that can help protect our planet.	To locate hot and cold countries. To locate Africa on a map. To identify Africa's climate. To know what physical and human features are. To identify similarities and differences between African homes and English homes. To identify similarities and differences between African schools and English schools. To identify similarities and differences between African weather and English weather. To draw an aerial map including a key.
Year 1 Science	Materials To identify and name everyday materials. To distinguish between an object and the material from which it is made. To describe the simple physical properties of a variety of everyday materials. To test the properties of a material. To investigate the properties of a material. To sort objects by their properties.	Plants To know what a plant is. To identify and name the parts of a plant. To identify the difference between wild and garden plants. To identify the parts of a tree. To identify evergreen and deciduous trees. Seasonal Changes	Humans including animals To know the basic parts of the human body, including the head, neck, arms, elbows, legs, knees, face, ears, eyes, hair, mouth, teeth, nose, tongue, hands, fingers, feet and toes. To know which body part associates with which sense (sight, sound, touch, taste, smell) and why they are important in everyday life.	

NETTLEWORTH INFANT SCHOOL AND NURSERY

	To investigate objects that float and sink. Seasonal Changes To know the signs of autumn. To know the signs of winter.	To know the signs of spring.	To explore that animals can be carnivores, omnivores or herbivores. To know that mammals have fur/hair are warm blooded and are mostly born alive. To know that birds have feathers, two legs, are warm blooded and lay eggs. To know that reptiles have dry, scaly skin, are cold blooded and most lay eggs (although some give birth to live young). To know that amphibians have moist skin, are cold blooded, live on land as well as in water and lay eggs in water. To know that insects have bodies with three segments that are protected by a hard shell. They have three pairs of legs and lay eggs. To know that fish have gills and fins, are cold blooded and only live in water. Seasonal Changes To know the signs of summer.	
Year 2 Science	Materials To know that materials have properties. To know the suitability of different materials e.g. brick, rocks, plastic, glass To know the suitability of metal for different purposes. To know how the same object can be made from different materials. To change the shape of paper, wood and cardboard by bending, squashing and twisting. To know squashing, bending, stretching and twisting can change the shape of some materials.	Plants To know what germination is. To know the conditions needed for germination to happen. To know that seeds and bulbs come in a variety of shapes and sizes. To know the size of the seed does not determine how tall the mature plant will grow. To know seeds germinate into seedlings and then grow to mature plants. To know the conditions needed for plants to grow well.	Habitats To know that living things live in a habitat suited to their needs. To know some animals that live in a polar habitat. To know some animals that live in an ocean habitat. To know some animals that live in a desert habitat.	Animals Including Humans To know about the importance of exercise. To know the importance of eating the right amounts of different types of food. To know the importance of hygiene for staying healthy.

NETTLEWORTH INFANT SCHOOL AND NURSERY

			To know some animals that live in a woodland habitat. To know different animals that live in microhabitats. To know animals in these different habitats eat plants and other animals and these are known as food chains. To know and identify things that are living, dead and have never been alive.	To know animals and humans have offspring. To know the life cycle of different animals. To know what animals and humans need to survive (water, air, food and shelter).

NETTLEWORTH INFANT SCHOOL AND NURSERY

Religious Education (RE)

RE is a statutory requirement and our school follow the RE Nottinghamshire Agreed Syllabus. The children encounter religions and worldviews through special people, books, times, places and objects including places of worship. The children listen to and talk about stories.

Year 1 RE	How do we show care for others and why does it matter? To talk about the people who care for us and how they show their care. To retell the story of the Lost Sheep and discuss what it teaches about caring. To explore what the story of the thirsty dog teaches Muslims about kindness. To identify ways people can show kindness, generosity and sharing. To recognise that people have different beliefs and can still care for one another. To explain why kindness and caring are important.	Who celebrates what and why? To identify and talk about special celebrations in our own lives. To retell the Christmas story and understand why Christians celebrate Christmas. To explore how Christians celebrate Easter and what some Easter symbols mean. To talk about what Muslims do during Ramadan and why it is important. To understand how Muslims celebrate Eid al-Fitr. To compare Christian and Muslim celebrations and explain why festivals are important.	Stories of Jesus: What we can learn from them To know that Jesus is an important person for Christians and explore why Christians believe he was special. To retell the story of the Lost Coin and discuss why it mattered to Jesus. To explore ideas of forgiveness and welcome through the story of the Lost Son. To retell a miracle story and discuss what it shows about Jesus. To know what happened when Jesus was baptised and why the story is important. To reflect on what stories of Jesus teach Christians and what they make us think about.	Why does Easter matter to Christians? To explore signs of new life and begin to understand why Christians connect Easter with new life. To retell the story of Jesus entering Jerusalem and explore how people felt. To know some key events of Holy Week and talk about the emotions of the people involved. To know that Christians remember Jesus' death on Good Friday and think about why it matters. To retell the story of the empty tomb and understand why Christians celebrate Easter Sunday. To explain why Easter is important to Christians and reflect on the ideas of hope and new life.	In what ways are churches/mosques important to believers? To know that Christians worship in churches and Muslims worship in mosques. To identify important features and symbols found inside a church. To identify important features and symbols found inside a mosque. To explore how Christians and Muslims worship God. To know that churches and mosques are places where special celebrations, including weddings, take place. To compare churches and mosques and explain why they are important to believers.	What makes some people inspiring for others? St Peter and Prophet Muhammad To know that Saint Peter and Prophet Muhammad are important leaders for Christians and Muslims. To retell the story of Jesus calling Peter to be his follower. To learn about Prophet Muhammad's kindness and honesty through stories from his life. To explore how Saint Peter and Prophet Muhammad showed forgiveness, courage and compassion. To explore wise sayings and rules for living. To reflect on what makes someone an inspiring leader.
-----------------------------	---	--	--	---	--	--

NETTLEWORTH INFANT SCHOOL AND NURSERY

Year 2 RE	What does it mean to belong? To explain different ways people belong to groups and communities. To identify ways Christians show they belong to the Christian faith. To retell the story of Jesus' baptism and explain why it is important to Christians. To describe how Christians welcome people into their faith community. To explain how the Golden Rule encourages people to care for one another. To reflect on why belonging matters for Christians and for ourselves.	What do Muslim people believe about God, creation and humanity? What are some ways Muslim people show how they belong? To identify some Muslim beliefs about Allah and explore why Allah is important to Muslims. To retell the Muslim story of creation and explain what it teaches about Allah as Creator. To explain how Muslim beliefs about creation encourage gratitude and care for the world. To describe how prayer and worship help Muslims show their faith. To identify features of a mosque and explain the role of an imam. To explain ways Muslims belong to their faith community and reflect on what belonging means.	Humanism: Who are the Humanists and what is their way of life? To know that Humanism is a non-religious way of living and understand what Humanists believe. To explore the values Humanists believe are important. To understand what makes someone a good friend and why belonging is important. To find out how Humanists celebrate important events in life. To explore the big questions Humanists ask and understand why caring for the world matters. To explain what Humanists believe is important and reflect on what matters to themselves.	Judaism: Who is a Jewish person and how do they live? To know that Judaism is a religion followed by Jewish people and that Jewish people believe in one God. To know that the Torah is the Jewish holy book and understand that it teaches Jewish people how to live. To understand why Shabbat is special to Jewish families. To know that the synagogue is a place of worship, learning and community for Jewish people. To explore Jewish symbols and learn how Hanukkah is celebrated. To explain how Jewish beliefs influence the way Jewish people live and reflect on what matters to themselves.	Sikh: Who is a Sikh and how do they live? To know that Sikhs follow the teachings of the Gurus and believe in one God. To retell a story about Guru Nanak and explain what it teaches Sikhs. To know what happens inside a Gurdwara and why it is important to Sikhs. To understand why the Langar is important to Sikhs. To know that some Sikhs choose to join the Khalsa and wear the Five K's. To reflect on Sikh beliefs and values and explain what we can learn from them.	Christian and Muslim stories: How and why are some stories important in religions? To know that the Bible and the Qur'an are holy books that guide Christians and Muslims. To retell the story of Noah (Nuh) and explain what it teaches Christians and Muslims. To retell the story of Yunus (Jonah) and explore the importance of forgiveness. To learn about Prophet Muhammad's teachings through stories of kindness and honesty. To explore stories of Ibrahim (Abraham) and Adam and Hawwa and what they teach believers. To reflect on what Bible and Qur'an stories teach about living a good life.

NETTLEWORTH INFANT SCHOOL AND NURSERY

Computing

Children will develop their computing skills through continuous provision and teacher led sessions. Computing will focus on digital literacy including e-safety, programming and information technology.

Year 1 Computing	Technology Around Us To identify technology To identify a computer and its main parts To use a mouse in different ways To use a keyboard to type on a computer To use the keyboard to edit text To create rules for using technology responsibly	Digital painting To describe what different freehand tools do To use the shape tool and the line tools To make careful choices when painting a digital picture To explain why I chose the tools I used To use a computer on my own to paint a picture To compare painting a picture on a computer and on paper	Moving a robot To explain what a given command will do To act out a given word To combine 'forwards' and 'backwards' commands to make a sequence To combine four direction commands to make sequences To plan a simple program To find more than one solution to a problem	Grouping data To label objects To identify that objects can be counted To describe objects in different ways To count objects with the same properties To compare groups of objects To answer questions about groups of objects	Digital writing To use a computer to write To add and remove text on a computer To identify that the look of text can be changed on a computer To make careful choices when changing text To explain why I used the tools that I chose To compare typing on a computer to writing on paper	Programming animations To choose a command for a given purpose To show that a series of commands can be joined together To identify the effect of changing a value To explain that each sprite has its own instructions To design the parts of a project To use my algorithm to create a program
Year 2 Computing	Information technology around us To recognise the uses and features of information technology To identify the uses of information technology in the school To identify information	Digital photography To use a digital device to take a photograph To make choices when taking a photograph To describe what makes a good photograph To decide how photographs can be improved	Robot algorithms To describe a series of instructions as a sequence To explain what happens when we change the order of instructions To use logical reasoning to predict the outcome of a program	Pictograms To recognise that we can count and compare objects using tally charts To recognise that objects can be represented as pictures To create a pictogram To select objects by attribute and make comparisons	Digital music To say how music can make us feel To identify that there are patterns in music To experiment with sound using a computer To use a computer to create a musical pattern	Programming quizzes To explain that a sequence of commands has a start To explain that a sequence of commands has an outcome To create a program using a given design To change a given design

NETTLEWORTH INFANT SCHOOL AND NURSERY

	technology beyond school To explain how information technology helps us To explain how to use information technology safely To recognise that choices are made when using information technology	To use tools to change an image To recognise that photos can be changed	To explain that programming projects can have code and artwork To design an algorithm To create and debug a program that I have written	To recognise that people can be described by attributes To explain that we can present information using a computer	To create music for a purpose To review and refine our computer work	To create a program using my own design To decide how my project can be improved
--	--	---	--	---	--	--

NETTLEWORTH INFANT SCHOOL AND NURSERY

Expressive Arts and Design

Children develop skills daily through engagement with continuous provision challenges. The challenges will focus on skills taught to embed learning further in art, music and design technology.

We follow the Charanga scheme for Music. It is a comprehensive scheme with small steps that are progressive across the year.

Year 1 Music	Hey You! How pulse, rhythm and pitch work together.	Cycle A Everyone Loves a Baby – Christmas Concert Cycle B Angel Express – Christmas Concert	Rhythm In The Way We Walk and Banana Rap Revise pulse, rhythm and pitch. Introduce rapping, dancing and singing.	In The Groove How to be in the groove with different styles of music.	Round and Round Pulse, rhythm and pitch in different styles of music.	Your Imagination Using your imagination.
Year 2 Music	Friendship Song A pop song about being friends	Baarmy Bethlehem - Christmas Concert	I Wanna Play In A Band Playing together in a band	Zootime Reggae and animals	Hands, Feet, Heart South African Music	Graduation Singing as part of a choir.
Year 1 Art	Drawing To know what a portrait is. To draw different facial features. To draw proportions of the face. To drawing different emotions. To learn about the artist Frida Kahlo To draw a self portrait using the techniques taught so far.		Painting To know primary colours. To create secondary colours. To create a repeating pattern using printing. To learn about the artist Van Gogh . To paint a piece of artwork in the style of Van Gogh – Almond Blossom .		Sculpture – Natural materials To know what a collage is. To create a collage from natural materials. To create patterns using natural materials. To learn about the artist Andy Goldsworthy . To create a sculpture using natural materials in the style of Andy Goldsworthy .	
Year 2 Art	Drawing To introduce drawing skills and techniques (lines, shapes). To know how to create texture and shading in drawings (hatching, cross hatching, stippling). To create an observational drawing focusing on shape and proportion. To learn about the artist Leonardo Da Vinci . To know how to create effects using oil pastels (wide hold, pencil hold, mixing colours, tones		Painting To know how to create tones and shades. To use tones and shades to create a piece of artwork. (Great Fire of London – silhouettes) To learn about the artist Van Gogh . To paint a piece of artwork in the style of Van Gogh – Starry Night .		Sculpture – Clay To explore different clay techniques (rolling, squeezing, pulling, carving, joining). To create a clay coil pot. To learn about Masai Tribal masks . To create a clay mask in the style of the Masai Tribe .	

NETTLEWORTH INFANT SCHOOL AND NURSERY

	and shades, blending, dots, short strokes, long strokes) To create a drawing inspired by Leonardo Da Vinci.		
Year 1 Design and Technology	Moving Pictures – Mechanisms (levers and pivots) To explore levers and pivots. To investigate making a lever or pivot. To plan a moving picture. To create a moving picture with a slider or pivot. To know what went well and what could be improved.	Homes – Structures To know we live in many different types of homes and identify their features. To investigate how to join materials together. To create a simple design for a home. To make a simple structure by joining materials. To know what went well with my product and what I would do differently.	Eat more fruit and vegetables – Food To know fruits and vegetables are healthy. To design a fruit smoothie. To know basic hygiene rules for cooking. To cut, chop and peel fruits safely to make a smoothie. To know what went well with my product.
Year 2 Design and Technology	Healthy eating – Food To identify healthy and unhealthy foods and where they come from. To design a simple fruit cake. To follow a simple recipe to make a cake. To evaluate my product.	Vehicles - Mechanisms (wheels and axles) To know what wheels and axles are and how they work. To explore wheels and axles. To create a plan of a simple vehicle. To make a vehicle with an axle and wheels. To evaluate my product.	Puppets – Textiles To explore a range of puppets. To join materials together. To use a needle and thread to sew. To plan a puppet. To create a puppet by sewing materials together. To evaluate my product.

NETTLEWORTH INFANT SCHOOL AND NURSERY

Personal, Social, Emotional Development (PSED)

Children develop their personal, social, emotional skills daily throughout the year through our THRIVE and Take 5 sessions, circle times, social stories, diversity stories and tailored interventions. They become independent learners by following daily rules and routines. They learn about their feelings and how to self-regulate.

Year 1 PSHE/RSE (SCARF)	Me and My Relationships Why we have classroom rules How are you listening? Thinking about feelings Our feelings Feelings and bodies Good friends	Valuing Difference Same or different? Unkind, tease or bully? Harold's school rules It's not fair Who are our special people? Our special people balloons	Keeping Safe Super sleep Who can help? Good or bad touches? Sharing pictures What could Harold do? Harold loses Geoffrey	Rights and respect Harold has a bad day Around and about the school Taking care of something Harold's Money How should we look after our money? Basic first aid	Being my best I can eat a rainbow Eat well Harold's wash and brush up Catch it bin it kill it Harold learns to ride a bike Pass on the praise Inside my wonderful body	Growing and changing Healthy me Then and now Taking care of a baby Who can help? Surprises and secrets Keeping privates private
Year 2 PSHE/RSE (SCARF)	Me and My Relationships Our ideal classroom How are you feeling today? Let's all be happy! Being a good friend Types of Bullying Don't do that Bullying or Teasing	Valuing Difference What makes us who we are? My special people How do we make others feel? When someone is feeling left out An act of kindness Solve the problem	Keeping Safe Harold's Picnic How safe would you feel? What should Harold say I don't like that! Fun or not? Should I tell?	Rights and Respect Getting on with others When I feel like erupting feeling safe Playing games Harold saves for something special Harold goes camping How can we look after our environment?	Being my best You can do it! My day Harold's postcard – keeping us clean and healthy Harold's bathroom What does my body do? My body needs... Basic first aid	Growing and Changing A helping hand Sam moves away Haven't you grown My body, your body Respecting privacy Some secrets should never be kept

NETTLEWORTH INFANT SCHOOL AND NURSERY

Physical Development

Children will improve their fine and gross motor activities through a range of PE topics and sessions with our sports coach Mr Wood.

We have a trained sports coach (Jack Wood) who plans and delivers our KS1 weekly PE curriculum.

Year 1 PE	Fitness	Ball skills	Sending and receiving	Striking and fielding	Net and wall games	Athletics
	Team Building	Fundamentals	Yoga	Gymnastics	Dance	Sports day practise
Year 2 PE	Fitness	Ball skills	Sending and receiving	Striking and fielding	Net and wall games	Athletics
	Team Building	Fundamentals	Yoga	Gymnastics	Dance	Sports day practise

Alongside our PE lessons, we also have daily fitness sessions to help promote wellbeing. These include fitness activities such as dances from Gonoodle, Supermovers and Zumba kids. We also include mindfulness breaks within the school day including Cosmic Yoga. All Key Stage 1 classes participate in the Daily Mile.
